FOREWORD

St. James's Auctions is pleased to present auction 59. The sale is sectioned into The Gold Section, which comprises coins from ancient times to the present, and The Silver, Copper, and Bronze section.

The Gold Section includes a Celtic quarter stater, which is possibly unique, which was found in West Sussex of May last year (lot 3). This is followed by a group of hammered coins and a group of guineas of George I to George III (lots 16-35). We are pleased to offer a group of coins from the Chinese Lunar year issue by the Royal Mint (lots 56-60, 65-69 and 71-72), this issue is highly popular, and all coins come with their case of issue and certificates.

We are pleased to offer a selection of coins from the Great Engravers series, including two examples of the gold proof two hundred pounds, three graces issue, one certified and graded by NGC as Proof 70 Ultra Cameo (lot 186), the other from the Trial of the Pyx (lot 61); as well as examples in silver: a ten pounds issue (lot 207) and two five pounds issues, both certified and graded by NGC, the first as Proof 70 Ultra Cameo, the second as Proof 69 Ultra Cameo (lots 401 and 402). Also on offer is the new issue commemorating the Gothic crown reverse, in the following denominations: gold proof two hundred pounds (lot 62), and two examples of the silver proof five pounds, one of which is certified and graded by NGC as Proof 70 Ultra Cameo (lots 403 and 404)

The sale features not one but two sovereign and half sovereign sections. The first section starts with the first sovereign issued in 1817 (lot 109) to Elizabeth II (lot 140), followed by the half sovereign section, also from 1817 (lot 141) to George V (lot 176). Within this, there is an interesting group of Victoria half sovereigns (lots 145-175)

This is followed by The Woodford Collection, which is formed mainly of gold and was complied over the last couple of years. It begins with some guineas (lot 177) and features a large selection of modern gold from Great Britain and the British Isles. of particular interest are the five ounce gold coins. The second sovereign and half sovereign section is found within The Woodford Collection and includes issues from Victoria (lots 209-238) to the new issues of 2022, which are certified and graded by NGC as Proof 70 Ultra Cameo (lots 236-237). This is followed by a group of gold from Alderney, Ascension Island, Gibraltar, Isle of Man, Tirstan De Cunha, and South Africa (lots 239-282).

The Silver section commences with The Drayton Hoard of Mid 14th Century Silver Pennies. This Hoard was found at a car boot sale in Drayton, Oxfordshire and it was declared Treasure before being sent to the museum for cleaning (lots 315-336), we recommend viewing the lots where possible. The star attraction of the hoard is the Robert the Bruce pennies (lots 333-334).

We are also pleased to offer some rare hammered pieces including issues of Richard II (lots 339-340). Also on offer is a Elizabeth I crown, mm. 1 (lot 346), as well as a Commonwealth crown, mm. sun (lot 348).

The sale also presents a nice group of engraved coins from the collection of the late Alison Barker (lots 416-438), featuring a range of subjects from Georgian Erotica, to love, mythology, and horseracing.

THE GOLD SECTION

ANCIENT COINS

1. **Thrace**, Kingdom of Coson, gold stater (c. 42 BC), three togate figures to l., the first and third both carrying axe, ΚΟΣΩΝ below, type without monogram of Brutus to l., *rev.* eagle, holding wreath in talons (S.1733), *certified and graded by NGC as About Uncirculated, Strike 4/5, Surface 5/5* £1000-2000

This interesting coin was struck around 42 BC, following the 'Ides of March' assassination of Caesar at the hands of Brutus on 15 March 44 BC. Brutus was exiled following the assassination, and he was raising troops in Northern Greece, preparing to confront Mark Antony and Octavian (later Augustus). Brutus was likely given this coin as a gift from a Dacian King from the Danube region. Brutus had his own travelling mint which struck coins almost identical to this example, but also featuring his monogram BA before the procession to the obverse. It would appear that the allied king left this monogram off of this particular coinage. The reverse shows the eagle trampling the laurel leaf crown, a symbol of the triumphatores, thus reflecting the anti-monarchical sentiments of Brutus.

In this case, it appears to be a fine hair like material on the obverse affecting the I in FID which encroaches into the field before the sceptre in the Queen's right hand.

THE SILVER COPPER AND BRONZE SECTION

THE DRAYTON HOARD OF MID 14TH CENTURY SILVER PENNIES

This hoard of pennies was discovered not in the ground but at a car boot sale in Drayton, Oxfordshire (Treasure case 2009 T756; PAS: BERK-A67006). Over a kilo of silver coins with some remains of the pottery container were declared Treasure without the original find spot and were subsequently partially cleaned and conserved at the British Museum. The coins were cleaned more around the legends than the full coin for ease of identification which provides only a basic classification and has left many coins unidentified, this was due to time constraints. The museum was unable to devote the necessary time for a full study and the coins were returned to the finder under the Treasure Act.

The hoard was likely deposited around 1353, with the pre treaty Edward III York penny being the last issue found within the hoard. The composition of the hoard which contained 34 Scottish issues suggests a likely Northern find spot.

Nick Mayhew has published the hoard in British Numismatic Journal - Volume 82, 2012, pages 244-247.

The coins are sold in groups that correspond closely to the published list and remain in their partially cleaned condition as undertaken by the Museum. Some coins were broken during the conservation process and others will improve with further cleaning. The coins are being sold in their 'partially cleaned state' without being graded and as seen, no returns. We advise viewing the lots if possible.

The coins are generally all pennies, but include an interesting group of continental imitations, the star coin in the hoard is the Robert the Bruce portrait penny.

Sobhuza II was crowned at just four months old following the sudden death of his father while performing Incwala (a ritual of the kingship in the Kingdom of Eswatini). He ruled for a total of 82 years and 254 days, making him the longest reigning monarch in recorded history.

460. USA [?] Freemasonry, a group of mid-19th century jewels (8), all gilt metal, 'Pythagoras Loge [sic] No 1', a 24 pointed star with silver applied eye, compasses and square, on 53.5mm; others (2), *revs.* engraved with the name Jehovah in Hebrew, 54.5mm. & 58mm.; with openwork nine-pointed stars (3 – 2 crowned), one for Sword Bearer, with attachment; small circular jewel, *rev.* engraved '*Licht aus Finsternis*', 36mm.; and a small separate square; with Barre's medal of Benjamin Franklin and Montyon, copper, 1833, 41.5mm., *all very fine* (9) £100-150

The attribution of the Masonic jewels to America must remain speculative. Following the failed revolution of 1848–1849, many Germans emigrated to the United States. These 'émigré Forty-Eighters' soon began to join, run, and then reorganize Masonic lodges in their new homeland. On 2 May 1851, Pythagoras Lodge No. 86, a Lodge originally established under the Grand Lodge of New York in 1841 by German Americans, separated, was re-named and consecrated as The Lodge Pythagoras No. 1, of the Orient of Brooklyn, now answering to the Grand Lodge of Hamburg.

(6) All lots are subject to a Buyer's Premium of 20.00%, exclusive of VAT, (24%) inclusive of VAT if the buyer is resident in the UK). The symbol 'G' appearing next to a lot indicates the item is 'Investment Gold' and therefore a VAT-registered trader can submit a claim to HM Revenue and Customs to recover the VAT element of the Buyer's Premium. In the case of a lot marked with a dagger (†), import VAT at 5% will be added to the hammer price and will be payable by the buyer if resident in the UK. If the lot is being exported outside the UK, this import VAT can be waived or refunded on proof of export. All lots bought via the bidding platform Auction Mobility are subject to an additional charge of 1.25%, exclusive of VAT, (1.5% inclusive of VAT if the buyer is resident in the UK)
(7) Each bidder shall be deemed to act as principal unless the Company acknowledges in writing prior to the auction that he acts as agent for a named third-party principal. For bidders unable to attend the auction in person, commissions will be executed free-of-charge. Such bids must be written and must be received at least 24 hours before the sale begins. The Company cannot guarantee to execute bids received less than 24 hours before the sale. 'Buy' bids will not be accepted. The Company shall not be liable for any errors or omissions in executing such commissions.
(8) All buyers must, if requested, notify their name and address to the auctioneer and, if required, provide additional proof of identification, bank references or other credit references. All buyers must pay the full purchase price, at the point of collection of purchases, or a fractional deposit as may be determined at the auctioneer's discretion, unless the Company has previously arranged credit terms. Seven working days must be allowed for clearance of personal cheques before delivery can be made unless a prior agreement has been reached. A 2.5% surcharge will be applied to all company cards and non-UK credit card payments.
(9) Ownership of lots does not pass to the buyer until the Company has received payment in full.
(10) All lots, however, are held to be at the buyer's risk from the fall of the hammer. All lots shall be removed by the buyer within seven working days after the date of the sale. Any lots not so removed may become liable to removal, insurance and storage charges. Such lots may, at the auctioneer's discretion, be re-offered for sale at auction or by private treaty without further notice to the buyer.
(11) All lots are offered for sale subject to any reserve price that may be imposed by the seller. The seller may not subsequently change the reserve without the agreement of the Company. Where a reserve has been set, only the auctioneer may bid on behalf of the seller. Lots are normally reserved at 80% of lower estimate, with auctioneer's discretion. Unless reoffered for sale, the collection of unsold lots shall be the responsibility of the seller.
(12) (a) Lots are sold as shown with all faults, imperfections and errors of description and lack of authenticity. The Sale of Goods Act 1979 does not apply to the sale of any lot. Neither the Company nor the seller shall give any warranty to any buyer in respect of any lot or be liable for any fault or error of description or lack of genuineness or authenticity of any lot. All statements as to items sold, whether made in catalogues, during the course of the auction or otherwise, are statements of opinion only and are not and shall not be taken to be statements or representations of fact. The Company reserve the right in forming their opinion to consult and rely upon any expert or authority considered by them to be reliable. Coins are graded to accepted UK standards to the best ability of our specialists. You acknowledge that the grading of coins is subjective and may vary from specialist to specialist, as the process is by nature an art and not a science. For this reason, we do not automatically accept and are not bound by the opinions of third party coin grading services for any purposes including before and after the sale of a lot.
(b) Refund policy – notwithstanding the foregoing, if any lot should be proved by the buyer to be not genuine or authentic, or to have been wrongly described in any material respect, the buyer may reject the same provided that he has given notice in writing of his intention so to do and shall have returned the same to the Company within one month from, and in the same condition, as at the date of sale. If the coin was in a plastic holder at the time of sale, we cannot accept its return if it has been removed from that holder. In addition, any items in graded holders are sold as is and can only be returned if deemed as fake. The onus of proving a lot to be not genuine or authentic or to have been wrongly described shall lie with the buyer. Proof of the inability of any recognised expert or authority to express a definite opinion shall not discharge such onus. If the buyer shall discharge such onus, the auctioneers shall rescind the sale and repay to the buyer the price paid by him. Save as provided herein, the Company shall not under any circumstances whatsoever be liable for any costs, expenses or damages (whether direct, indirect, special or consequential) incurred or suffered by the buyer in respect of any lot, whether or not as a result of any fault, imperfection, error or description or lack of genuineness or authenticity, including but not limited to loss of any kind of profit whatsoever. The buyer will not be entitled to claim interest on the amount due to him. The buyer shall not be entitled to a refund for any lot for any reason save as set out in this clause 12(b).
(13) Save as provided in the preceding paragraph of these conditions buyers must satisfy themselves as to the accuracy of their purchases at the time of delivery. The Company cannot be held responsible for any discrepancy which might be discovered after the lots have been removed from either the auction room or the auctioneers' premises.
(14) As stated in paragraph (1), the Company acts solely as agent between buyer and seller and shall not be held responsible for any default by either party or for any action or claim that may arise in connection with any lot.
(15) Any part of the purchase price still outstanding after the auction, in line with the terms of paragraph (8), shall be paid in full within thirty days of the date of the auction. Without prejudice to any other rights, the Company reserves the right to charge interest on any overdue payment at a rate of three per cent per month. In the event that the company shall have paid the seller (normally 35 days after the sale) and part of the purchase price is still outstanding, title to the lot will pass to the Company. The Company shall then have the right to sell any other goods belonging to the buyer and held by the Company for whatever reason at such a price that the company, in its absolute discretion, thinks fit. The buyer shall also reimburse the Company for any additional costs incurred in this process.
(16) Buyers accepting commissions from third parties do so at their own risk. They remain responsible to the Company for full settlement according to these conditions
(17) Privacy Policy - We may collect and process information you give to us such as your name, address and references. We will use this information to carry out our obligations arising from any contracts entered into between you and us and to provide you with the information, products and services that you request from us or that we offer. We may share your personal information with any member of our group, which means our subsidiaries, our ultimate holding company and its subsidiaries, as defined in section 1159 of the UK Companies Act 2006. We may disclose your personal information to third parties in the event we sell or buy any business or assets in which case we may disclose your personal data to the prospective seller or buyer or such business or assets or if we are under a duty to disclosure or share your personal data in order to comply with any legal obligation or in order to enforce or apply our terms of use. You have the right to ask us not to process your personal data for marketing purposes.
(18) By making a bid, the buyer acknowledges his acceptance of these conditions and agrees to be bound by them.
(19) If any buyer fails to comply with any of these Conditions, the lot or lots in respect of which the failure is made may at the discretion of the Company be put up again and resold. The damages recoverable from the defaulting buyer shall include, but not be limited to, the auctioneers' expenses and commission in respect of the resale and the amount (if any) by which the price obtained on the resale is exceeded by that obtained on the first sale.
(20) A variation of these Conditions shall only be binding on the Company and the seller if it is made in writing and signed by a duly authorised representative of the Company.
(21) These Conditions shall take effect and be construed in accordance with the provisions of English law.
